ABOUT THE SEMINAR

This one-day seminar is to update accounting educators of the current development in the accounting profession and practice with a view to facilitate continuous improvement in accounting education and research. The seminar also provides an opportunity for members from all levels of accounting education to network with one another.

OBJECTIVES

1. To create awareness among teachers and lecturers on the impact of the New Economic Model on their role as educators.
2. To discuss strategies for our education system to achieve the agenda of creating a world-class workforce
3. To provide a platform for academicians to interact and develop networking on teaching and research issues.
4. To provide opportunities for policy makers to get feedback from academics in order to enhance and sustain the quality of accounting education.

WHO SHOULD ATTEND

1. University Lecturers
2. Teaching staff of Polytechnics and University Colleges (both private and public)
3. Officials from MOE and MOHE
